

Bridging Strategy, Governance and Delivery

We acknowledge the Traditional Owners of Country throughout Australia and pay our respects to Elders past, present and emerging.

COMPANY PROFILE

ESSGEE Projects is an integrated strategy, development and delivery advisory practice supporting organisations across Australia, India and the Asia-Pacific region. We help clients navigate complexity, unlock opportunities and convert strategic intent into sustainable business and project outcomes through advisory, project development, governance, PMO/PfMO, project systems and delivery excellence.

Established in 2016, ESSGEE Projects combines commercial insight, governance excellence and practical delivery experience to support clients across infrastructure, construction, property, energy, industrial and public sector environments.

By aligning strategy, governance and delivery, we help clients strengthen capability, improve performance, reduce risk and deliver with greater confidence.

AT A GLANCE

LEADERSHIP
30+ years cross-sector

Our Services

Three integrated pillars — strategy, governance and delivery — aligned end-to-end.

STRATEGY

Helping organisations identify growth opportunities, define direction and build a stronger platform for sustainable expansion.

01

Direction & Growth

- Strategic Advisory
- Business Development
- Market Entry Support
- Strategic Partnerships
- Growth Planning

Development & Investment

- Project Development
- Feasibility Studies
- Business Case Development
- Investment Advisory
- Due Diligence Support

GOVERNANCE

Establishing clear governance, practical controls and fit-for-purpose systems that improve oversight and support confident delivery.

02

Frameworks & Structure

- PMO / PfMO Establishment & Enhancement
- Portfolio Governance
- Program Governance
- Governance Framework Development
- Project Delivery Frameworks
- Project Systems Development & Implementation

Performance & Assurance

- Organisational Maturity Assessments
- Risk Management Frameworks
- Assurance Reviews
- Compliance Readiness
- Performance Reporting Systems
- Organisational Capability Development

DELIVERY

Supporting stronger project and operational outcomes across the full lifecycle, from early planning through execution and operational readiness.

03

Tendering & Pre-Contract

- Tender Strategy & Management
- Bid Coordination & Proposals
- Estimation Support
- Planning & Programming
- Procurement Planning
- Design Coordination
- Risk & Opportunity Management
- Partnering & Joint Venture Support

Project, Program & Operations

- Project Engineering & Planning
- Project Controls
- Contract Administration
- Delivery Assurance & Stakeholder Coordination
- Program & Portfolio Management
- Operational Readiness & Operations Management
- Performance & Continuous Improvement
- Business Systems Optimisation

Industry Sectors

Cross-sector experience across infrastructure-intensive and public sector environments.

01 Infrastructure

Major infrastructure programs and projects from concept development through delivery and operational maturity.

02 Construction

Governance, planning and delivery support across civil, commercial and industrial construction environments.

03 Property & Development

Development opportunities through feasibility, planning, governance and delivery readiness.

04 Energy & Utilities

Traditional and emerging energy, utilities and infrastructure sectors.

05 Industrial & Resources

Advisory and delivery support for industrial facilities, operational environments and resource-related developments.

06 Government & Public Sector

Governance, assurance, program management and organisational capability development.

WHY ESSGEE PROJECTS

Bridging Strategy, Governance and Delivery

Many organisations have strong strategic intent but need the right governance, systems and delivery discipline to turn plans into measurable outcomes. ESSGEE Projects bridges that gap by combining strategic insight, governance excellence and practical delivery experience to help clients make better decisions, strengthen control and improve project performance.

OUR DIFFERENCE

- Director-level involvement from start to finish
- 30+ years of leadership across infrastructure, construction, property, energy and major projects
- Strong understanding of Australian governance, procurement and delivery environments
- Integrated capability — strategy, project development, governance, PMO/PfMO, project systems and delivery
- Commercially grounded advice with practical implementation focus
- Trusted support for executives, boards, project teams and delivery organisations

Founder Profile ●●

Satya Gady, MBA, MGPM

Founder & Principal Consultant | CMgr • CPPM • FIML

Satya Gady is a highly experienced business, project, and operational leader with more than three decades of leadership experience across infrastructure, construction, property, energy, and major projects.

His background spans strategic advisory, business development, project development, governance, PMO/PfMO establishment, project systems, project engineering, project management, program and portfolio management, operations management and delivery leadership.

Through ESSGEE Projects, he works with clients to strengthen capability, navigate complexity and deliver sustainable business and project outcomes.

REGIONS

Australia | India | Asia-Pacific

Featured Projects - In Detail

Signature engagements across transmission, renewables, data centres, industrial EPC, mining and high-rise commercial.

01

AUSTRALIA • TRANSPORT • POWER • WATER

Dineshchandra Group Australia

Start-Up • PMO • 2B+ Pipeline

AUD 2B+ project pipeline. Australian start-up establishment with PMO design, project systems, accreditations and compliance frameworks aligned to multi-sector delivery readiness.

AUSTRALIA • TRANSMISSION & ENERGY

Whittens Group

HumeLink East 500kV | Carmichael Mine Infrastructure

AUD \$500M • 500 kV transmission & heavy-civils delivery. Civil packages and ECI pre-award support with land access and heritage. Roads and bridges for Carmichael Mine infrastructure.

02

INDIA • PROPERTY & DEVELOPMENT

03

Leighton India

Residential High-rise | 2B+G+30

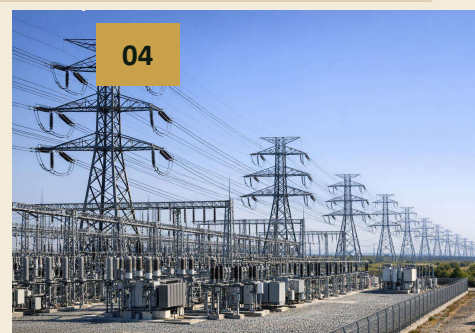

AUD \$60M • Two-basement, 2B+G+30-storey tower. Residential high-rise delivery covering civil, structural and finishing works in a dense urban context, with delivery sequencing aligned to the constrained site footprint.

AUSTRALIA • TRANSMISSION & SUBSTATIONS

UGL & Downer EDI

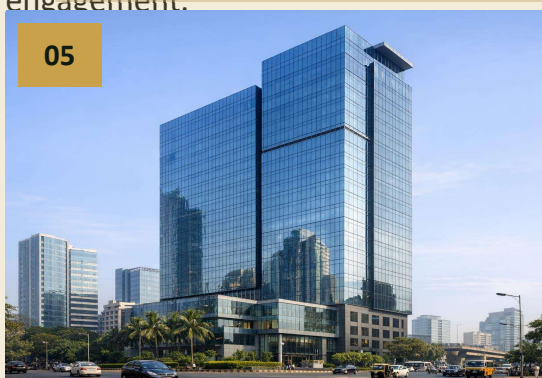

AusNet • Ausgrid • Transgrid • Western Power | Substations

AUD \$250M • Substations & transmission line delivery. Substation civil and high-voltage transmission scope across Ausgrid, Transgrid and Western Power networks, including the Crudine Ridge connection; wind generation works were not within this engagement.

04

INDIA • COMMERCIAL • DIGITAL

05

NexGen INDOZ

ADD INDIA | AWS Hyperscale DC

AUD \$40M • 2B+G+23 tower & AWS hyperscale data centre. Civil works delivered within complex urban environments, coordinating tower base-build and hyperscale data centre interfaces under live site conditions.

Featured Projects - Continued

Further signature engagements across industrial EPC and live-site manufacturing delivery across India and Australia.

06

INDIA · INDUSTRIAL EPC

M+W Group

Jaquar Manufacturing EPC

AUD \$45M · Live operational EPC. Design, procurement, construction, commissioning and stakeholder interfaces under live-site conditions.

AUSTRALIA · INDUSTRIAL EPC

Leighton Contractors

Amcort Glass Bottling EPC

AUD \$115M · Live-site civil, structural & building EPC. Delivered within a running manufacturing facility under sensitive commercial conditions.

07

08

AUSTRALIA · POWER · INDUSTRIAL

CATCON

Origin Power Plant

AUD \$85M · Live-site power plant delivery. Civil, structural and building scope for Origin Energy power plant works delivered under live-site operating conditions.

AUSTRALIA · MINING · INFRASTRUCTURE

Ertech

Prominent Hill Mine Infrastructure | Oxiana

AUD \$50M · Mine infrastructure delivery. Mine support infrastructure delivered for Oxiana at the Prominent Hill operation, including civil and earthworks scope.

09

10

AUSTRALIA · MINING · TAILINGS

York Civil

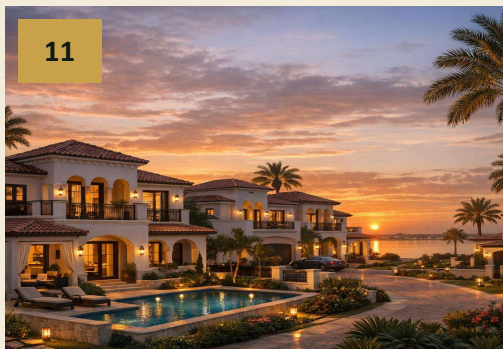

Roxby Downs Tailings Dam Facility | URS / BHP

AUD \$50M · Tailings dam facility delivery. Tailings dam facility scope delivered under the URS engagement for BHP at Olympic Dam, Roxby Downs.

Featured Projects • Further Experience

Additional engagements across power, mining, luxury residential and LNG .

11

BAHRAIN • LUXURY RESIDENTIAL

EK Kanoo

Luxurious Villas | Developer Representative

AUD \$150M • **Luxury villa development.** End-to-end developer representation across feasibility, design, procurement and construction for premium villa portfolio.

OMAN • LNG • HOUSING

OMAN LNG & WS Atkins

OMAN LNG Stage 2 | Qalhat Housing

AUD \$2.5B • **OMAN LNG Stage 2 and Qalhat housing programs.** LNG plant Stage 2 expansion delivered for OMAN LNG, with Qalhat housing program executed in partnership with WS Atkins.

12

How We Engage

A four-stage delivery cadence built for live-site, multi-jurisdiction engagements.

Discovery & Scoping

Stakeholder mapping, brief interrogation and feasibility validation against site and commercial constraints.

Delivery & Build

Construction, commissioning and stakeholder management across multiple jurisdictions under live operating conditions.

Planning & Design

Programme, procurement strategy and design coordination — readied for live-site interfaces from day one.

Handover & Aftercare

Defects management, knowledge transfer and post-completion support to lock in long-term asset performance.

THANK YOU

Bridging Strategy, Governance and Delivery
